

SHOOTBOLT WINDOW LOCK

Works with Kubu®

Corner shootbolt, bi-directional locking system with integrated Floating Smart Sensor technology.

The Intellect™ high-security corner shootbolt window locking system combines ease of manufacture and class leading tolerance levels, together with fully integrated Kubu® smart technology, and ultra-modern materials to create an easy to fit mechanical security locking system with integrated smart sensor compatibility.

Kubu® uses a combination of hardware and smart sensors to accurately provide live status data and notifications for multiple locking positions, including night-vent, so you will always know that your home is secure.

FEATURES

- Smart as standard
- Floating Sensor Technology
- 10mm fitment and sash drop tolerance
- 100% accurate handle and cam position, allowing instant security notifications
- Strategically positioned bi-directional locking cams
- Ultra-modern materials, for ease of manufacture, fitting and extended use.
- Clever keep design guides mushroom cams into correct position
- Secured by Design accredited
