Max height is dependent on width.

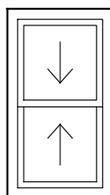

### FIXED WINDOW

330mm Min Width  
700mm Min Height  
1500mm Max Width  
3000mm Max Height

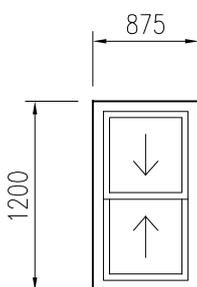

Max width is dependent on height.  
Max height is dependent on width.

## FIRE ESCAPE CHARISMA, HERITAGE & ULTIMATE

### MINIMUM WINDOW SIZE TO ACHIEVE 'NEW BUILD' FIRE ESCAPE REGULATIONS

To achieve current building regulations Fire Escape a 'Clear Opening' size of 0.33m sq must be achieved. The opening width or height cannot be smaller than 450mm.

Therefore, the smallest achievable opening is 450mm x 735mm.

The 'Clear Opening' is the free opening area when the window is fully opened.

This is only applicable to New Build. For replacement windows the clear opening cannot be made smaller than the outgoing window.
