

Vista Composite Doors

WARNINGS

If you get any warnings similar to the one shown below when designing your frames, then please read them. It's usually advising you that the item cannot be priced. These warning will remain on screen until you click on it.

DO NOT IGNORE THESE WARNINGS

USE THE BROCHURE !

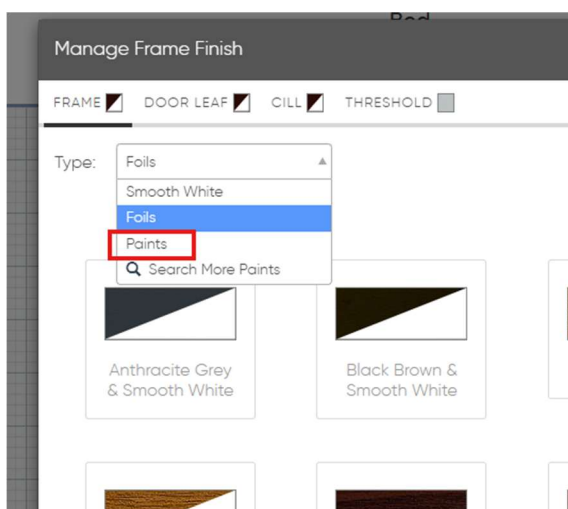

TT will allow you to select many things that will not be available, without providing any warnings. A good example of this is the decorative glass. It will allow you to choose just about every glass design on every door. However, it will not price them correctly.

When pricing Vista composite doors on TT, always refer to the Vista brochure. If it's in the brochure, then its available from Vista and TT will price it.

Due to the limitations of TT, there are some exceptions that won't be available to select, and a manual price will be needed for these occasions.

SPECIAL OUTERFRAME COLOURS

Do not use the Paint for selecting the outerframe colours. It will not price correctly. Only use the Foils option. If a special colour outerframe is required, it needs to be sprayed and will require a special price.

EMPLAS COMPOSITE DOORS

TT is not set up to price Emplas Composite Doors.

Colours, hardware and glass designs are different.

Do not use TT to price Emplas Comp Doors.
